System Enhancement Schedule (Update 2)

Regarding the below new services to be available in Production on March 18, 2019, we will accept your order from next week.

1. Multicast Market Data (Binary)
2. Snapshot Recovery Service (ASCII or Binary)

In order to allow us sufficient time to prepare and test the go-live configuration, your signed order form must be received by February 10, 2019 if you intend to start using the services on March 18. Any orders received after the deadline will be processed after March 18. Please contact jp.client.service@chi-x.com for the order form. The revised Product Manual and Payment Schedule will be delivered to you with the order form.
